

SMARTHINKING GROUP SESSIONS: USEFUL FEATURES

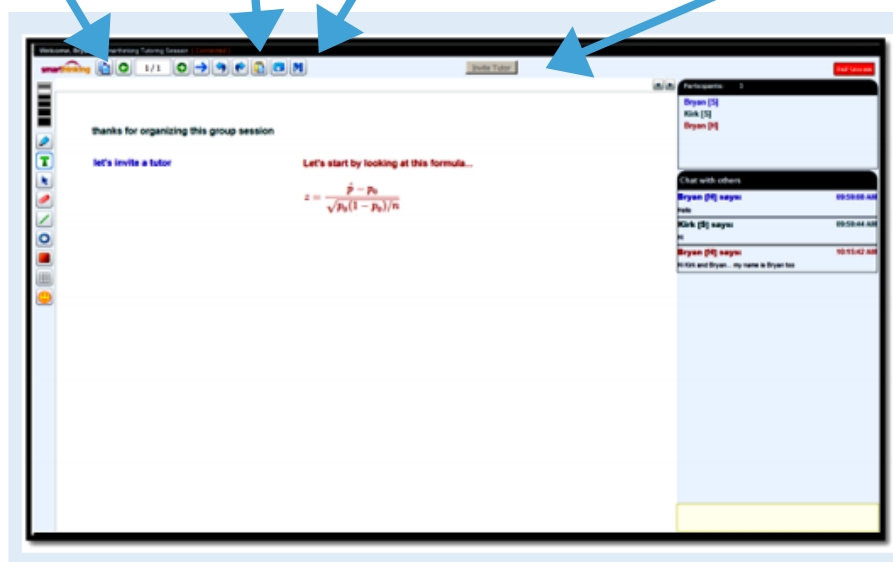

Once a group session has launched, you will be directed to Smarthinking's interactive whiteboard.

Create a new page

Upload documents

Add a Maths symbol

Invite a Smarthinking tutor to your session. While the tutors are not connected with eCampus NZ, they are expert teachers as well as subject experts.

Each group member is allocated a different colour, making it easy for you to keep track of who is writing on the whiteboard.

You can use the chat box to have conversations with group members outside of the whiteboard.

Need IT help?

- If you can't access Smarthinking using the login link, contact itsupport@tanzecampus.com.
- If you have problems using Smarthinking once you are there, visit the [Smarthinking Technical Support page](#).
